Annexure-C: POLICIES

Part-1: Applicable for Placement Assistance Service Only

The Placement/Internship Policy has been developed to establish an environment conducive to fair, transparent, and supportive career advancement. This document outlines the fundamental principles and procedures governing the placement journey of candidates. It is essential for every Learner to thoroughly review and adhere to the provisions outlined in this Policy.

1. General Guidelines

- **Individual Effort:** Although the Entri Career Services Team oversees the placement process, securing a job/internship post-program completion is contingent upon the individual's efforts, competencies, credentials, performance in interviews, the company's hiring process, and prevailing market conditions.
- **Placement Assistance:** It is clarified upfront that while the Entri Career Services Team extends unwavering support and resources to facilitate successful placements, there is neither an explicit nor implicit guarantee of job or internship. Mere Completion of any program does not ensure job/internship assurance.
- **Regarding Location of Jobs:** Placement/Internship opportunities might be available in different cities across India; Learners are encouraged to be flexible regarding relocation for their placements/Internships. Thus, applications should be made to available roles without imposing location-based or similar restrictions. While Entri strives to source opportunities in key cities, it cannot assure positions in any specific locale.

- **Regarding Assured Minimum Salary:** While the Entri Career Services Team endeavours to secure favourable outcomes for all participants, it does not commit to a guaranteed minimum "Salary" for any individual learner or the entire batch.
- **Employer Credibility Verification:** Entri aims to assess the financial soundness of employers; however, it does not endorse the suitability of the work environment or the employer's status as the best. It remains the Learner's responsibility to conduct additional checks on the employer's credentials.
- **Limited Access for Plus Two Qualified Learners:** Learners with a Plus Two qualification alone will have limited access to job opportunities, as organizations might have specific policies concerning fresher hiring.

2. Eligibility Requirements

- **Course Completion:** Learners must fully complete their course, fulfilling all curriculum requirements and maintaining necessary attendance levels. Note that some employers might have additional employment criteria, such as specific education qualification or background checks, which are not covered by the course completion.
- **Disciplinary Record:** Eligibility for placement/internship requires satisfactory completion of the course without any disciplinary actions during or after the course period.
- **Final Curriculum Assessment:** Learners must complete and submit all curriculum-prescribed assessments, including assignments, projects, exams, or other relevant evaluation methods. A passing score on the final curriculum assessment is necessary, adhering to the program's grading standards. The highest standards of academic integrity must be upheld, with any cheating or plagiarism leading to immediate disqualification. All assessments must be submitted by the deadlines provided unless extensions are granted by the program coordinators.
- **Additional Curriculum Criteria:** Any other requirements set by the curriculum team must also be met.
- **Final Placement Assessment:** The placement/internship assessment will occur only after the successful completion of the curriculum assessment. This may involve interviews, skill evaluations, portfolio reviews, or other relevant assessments. Full participation in mock interviews and resume reviews with an Entri expert is mandatory.
- **Confirmation of Placement Readiness:** Upon passing the final placement/internship assessment, learners will be confirmed as ready for placement assistance or career opportunities.

3. Additional Placement Guidelines

- **Learner Commitment:** A learner who applies for any job/internship position is obligated to go through the entire selection process unless rejected midway by the company. Any student who deliberately withdraws during a selection process will be considered absent.
- **Absenteeism:** A learner failing to attend the Assessment Test, Interview, or any other criterion required by a company after registration and without prior intimation (at least 24 hrs prior to the selection process via email) will be deemed absent. Continued absenteeism may lead to the suspension of the learner's account on Entri placement assistance pool. If the learner fails to attend 90% of the interview or selection processes, including interviews, assessments, assignments, or task-based evaluations scheduled after

applying to opportunities shared by Entri Career Services Team, then Entri will not be responsible for the placement of that particular learner

- **Point of Contact:** For a seamless application process, all questions and inquiries regarding candidacy should be directed to the placement coordinator or Corporate Relations Manager. They will serve as the main point of contact and provide updates on the selection process. Contacting company representatives directly should be avoided unless specifically requested by the company's designated point of contact (SPOC).
- **Availability:** All learners are considered available to join immediately for any job/internship opportunities shared. Learners should not decline offers if a company requests an immediate start.
- **Prompt Action:** To facilitate a smooth placement process, learners should promptly respond to requests from the Career Services Associate. This includes submitting CVs and participating in any placement-related activities. Consistent delays in responding may limit participation in placement/internship opportunities.
- **Professionalism:** During the selection process, learners are expected to interact with company representatives professionally, exhibiting courtesy, respect, and punctuality.
- **Confidentiality:** All placement-related information shared by Entri.app is strictly confidential and intended solely for enrolled learners. Sharing, distributing, or disclosing such information to unauthorized individuals (peers, friends, or others) is strictly prohibited.
- **Breach of Confidentiality:** Learners found violating this rule will be immediately excluded from the placement/internship assistance process, and further disciplinary actions may be taken, including revoking access to placement support.
- **Adherence to Deadlines:** Learners are solely responsible for staying informed about current job opportunities. It is imperative to diligently monitor email and the career services portal for the latest job/internship postings. To be considered for a specific position, students must express interest by submitting an application before the designated deadline. Applications received after the deadline will be ineligible for further consideration.
- **Accuracy of Information:** Applicants are reminded that the accuracy of all information provided on their resumes and during interviews is their sole responsibility. Entri will not be liable for any adverse employment outcomes resulting from the submission of false or misleading information regarding education or experience.
- **Early Placement:** Depending on recruitment needs, Entri may permit certain learners to participate in placements/internship assistance process earlier than scheduled. These learners must continue their coursework and pass any required assessments.
- **Eligibility Duration:** The eligibility to apply for opportunities shared lasts for twelve months post-course completion, extendable upon request. Career support Services will continue for lifetime.
- **First Offer Acceptance:** Entri enforces a policy requiring learners to accept the first job offer extended by an organization through the Entri Career Services Team. Upon acceptance of the first offer, the placement assistance service shall be deemed fulfilled, and the learner agreement will stand concluded. This provision is instituted to ensure equitable access to placement opportunities for all learners and to preserve professional relationships with recruiting organizations.
- **Active Application Requirement:** Eligible learners are expected to apply for at least 75% of the advertised positions, regardless of location. Note that Entri does not guarantee any specific organization/location/role/salary. Failure to apply for more than five continuous open positions will render one ineligible.

- **Interview Attendance Obligation:** Learners should be prepared to attend face-to-face interviews if required by the recruiting company once shortlisted. Failure to attend may lead to exclusion from the placement assistance eligibility.
- **Interview Opportunities:** Eligible learners may apply to all opportunities for which they are qualified. However, participation will be limited to a maximum of five interview or selection processes, including interviews, assessments, assignments, or task-based evaluations.

Learners who are unable to convert any offer from these five opportunities will be given lower priority for subsequent placement or internship opportunities until they successfully complete an additional job-readiness evaluation as prescribed by the Career Services Team.

- **Notification of External Offers:** If a learner secures a job independently, outside the Entri Career Services process (self-placement), they are requested to inform Entri within two days of accepting the offer. Sharing this information will not affect the learner's access to Placement Assistance. Learners may continue to avail Entri's Placement Assistance services for the remainder of their eligibility period, should they choose to do so.
- **Testimonial Cooperation:** Learner agrees to act in good faith and respond to post-selection consent requests for advertisements (CCPA Compliant).
